STUN GUN

PILI-119 3 in 1 Stun Gun

- Material: ABS and Steel.
- Shock: 200KV
- Alarm: 120db
- Safety Switch
- Pepper Spray: 20ml
- Anti-robbery alarm
- Size: 216 x 55 x 35mm
- Use 2pcs 9V Alkaline battery
- Weight: 400g
- Holster x1
- Delicate color package.

PILI-119-1 2 in 1 Stun Gun

- Material: ABS and Steel.
- Shock: 200KV
- Alarm: 120db
- Safety Switch
- Anti-robbery alarm
- Size: 216 x 55 x 35mm
- Use 2pcs 9V Alkaline battery
- Weight: 400g
- Holster x1
- Delicate color package.

PILI-118 3 in 1 Stun Gun

- Material: ABS and Steel.
- Shock: 80 KV
- Alarm: 120db
- Safety Switch
- Pepper spray: 18ml
- Anti-robbery alarm
- Size: 140 x 55 x 35mm
- Use 1pcs 9V Alkaline battery
- Weight: 260g
- Holster x1
- Delicate color package.

PILI-118-1 2 in 1 Stun Gun

- Material: ABS and Steel.
- Shock: 150 KV
- Alarm: 120db
- Safety Switch
- Anti-robbery alarm
- Size: 140 x 55 x 35mm
- Use 1pcs 9V Alkaline battery
- Weight: 260g
- Holster x1
- Delicate color package.

PILI-007 4 in 1 Stun Gun

- Material: ABS and Steel.
- Shock: 90KV
- Alarm: 130db
- Pepper spray: 18ml
- 1pcs Bulb Flashlight
- Safety switch
- Anti-robbery alarm
- Size: 145 x 95 x 35mm
- Use 1pcs 9V Alkaline battery
- Weight: 325g
- Holster x1
- Delicate color package.

PILI-117 3 in 1 Stun Gun

- Material: ABS and Steel.
- Shock: 180KV
- Alarm: 130db
- 1pcs Bulb Flashlight
- Safety switch
- Anti-robbery alarm
- Size: 145 x 95 x 35mm
- Use 2pcs 9V Alkaline battery
- Weight: 325g
- Holster x1
- Delicate color package.

PILI-128 Mini Stun Gun

- Material: ABS and Steel.
- Shock: 120KV
- Alarm: 120db
- Safety switch
- Anti-robbery alarm
- Size: 172 x 31 x 25mm
- Use 1pcs 9V Alkaline battery
- Weight: 98g
- Holster x1
- Delicate color package.

PILI-158 Mini Stun Gun

- Material: ABS and Steel.
- Shock: 90KV
- Safety switch
- Size: 118 x 56 x 27mm
- Use 1pcs 9V Alkaline battery
- Weight: 142g
- Holster x1
- Delicate color package.

PILI-168 Powerful Stun Gun

- Material: ABS and Steel.
- Shock: 300KV
- Safety switch
- Size: 190 x 58 x 34.5mm
- Use 3pcs 9V Alkaline battery
- Weight: 375g
- Holster x1
- Delicate color package.

SH-G7 Powerful Stun Gun

- Material: ABS and Steel.
- Built-in Rechargeable battery and charger
- Shock: 220KV
- Alarm: 130db
- 3pcs LED Flashlight
- Safety switch
- Size: 175 x 75 x 33mm
- Weight: 260g
- Holster x1
- Delicate color package.

SH-G8 Super Powerful Stun Gun

- Material: ABS and Steel.
- Shock: 400KV
- Anti-robbery alarm: 130db
- Safety switch
- Size: 220 x 70 x 38mm
- Use 4pcs 9V Alkaline battery
- Weight: 300g
- Holster x1
- Delicate color package.

SH-FSIII Flashlight with Stun

- Material: ABS and Steel.
- Built-in Rechargeable battery and charger
- Shock: 80KV
- 3pcs LED Flashlight
- Safety switch
- Size: 153 x 35 x 26mm
- Weight: 130g
- Holster x1
- Delicate color package.

SH-TI20 Cell Phone Masked Stun Gun

- Material: ABS and Steel.
- Shock: 100KV
- Anti-robbery alarm: 100db
- Safety switch
- LED Flashlight
- Size: 137 x 44 x 32mm
- Weight: 110g
- Holster x1
- Delicate color package.
- Use 2pcs CR123A lithium battery

SH-X1 Raysun Stun Gun

- Size: 150 × 130 × 39 mm
- Weight: 400g(without Cartridge)
- Battery: Rechargeable Ni-MH, 7.2VDC, 1500mA
- Penetration: Up to 1" of clothing
- Peak open circuit arcing voltage: DC 33KV ±10%
- Frequency: 0 Hz(DC current)
- Super LED flashlight
- Temperature: range -10°C ~ +55°C
- Housing: High impact carbon composites

STANDARD PACKAGE:

- Raysun Stun Gun
- Probe Cartridge (3.5M) x2
- Pepper Powder Cartridge x1
- Pepper Bullet Cartridge x1
- Rubber Bullet Cartridge x1
- Charger
- Safety plug pin with wrist strap
- Belt/Leg dual holster
- Package Carrying Bag
- Operation Manual practice target.
- Standard Package Weight: 2.1KG

STUN BATON

PILI-188K Stun Baton

- Material: ABS and Stainless Steel.
- Shock: 300KV
- Safety switch
- Size: 390 x 48 x 35mm
- Use 3pcs 9V Alkaline battery
- Weight: 700g
- Holster x1
- Delicate color package.

PILI-188 Stun Baton

- Material: ABS and Aluminum
- Shock: 300KV
- Safety switch
- Size: 390 x 48 x 35mm
- Use 3pcs 9V Alkaline battery
- Weight: 700g
- Holster x1
- Delicate color package.

SH-KXL Stun Baton

- Material: ABS and Stainless Steel.
- Shock: 200KV
- Alarm: 120db
- Size: 490 x 50 x 43mm
- Use 2pcs 9V Alkaline battery
- Weight: 700g
- Holster x1
- Delicate color package.

SH-KTL Stun Baton

- Material: ABS and Stainless Steel.
- Shock: 200KV
- Alarm: 120db
- 1W LED Flashlight
- Size: 490 x 50 x 43mm
- Use 1pcs Ni-MH 9.6V rechargeable battery
- Weight: 700g
- Holster x1
- Delicate color package.

EXPANDABLE STUN BATON

SH-M3 Expandable StunGun

- Material: ABS and Steel.
- Shock: 120KV
- Alarm: 120db
- Shrink Length: 320mm
- Stretch Length: 530mm
- Weight: 390g
- Holster x1
- Delicate color package.
- Use 6pcs XAAA rechargeable battery or 1pcs 9V alkaline battery

SH-M5 Expandable StunGun

- Material: ABS and Steel.
- Shock: 120KV
- Alarm: 120db
- Flashlight
- Shrink Length: 320mm
- Stretch Length: 530mm
- Weight: 395g
- Holster x1
- Delicate color package.
- Use 6pcs XAAA rechargeable battery or 1pcs 9V alkaline battery

SH-320 Expandable StunGun

- Material: ABS and Steel.
- Shock: 90KV
- Alarm: 130db
- Flashlight
- Shrink Length: 330mm
- Stretch Length: 540mm
- Weight: 490g (no battery)
- Holster x1
- Use 6pcs AAA Alkaline battery

HAND HELD METAL DETECTOR

MD-V2 Alarm & Vibration Type

- Size: 405 x 71 x 35 mm
- 1 pc 9V Alkaline battery or rechargeable battery
- Weight : 257g
- Usage time: 20hrs continuously
- Can work in Alarm type or Vibration Type.
- Functions: Special attention should be given to the waist, underwear, and ankle areas.
- The other small nail, pin, and so on.
- For the safety guard and find out the metals.

MD-V2-1 Alarm & Vibration Type

- Size: 378 x 68 x 34 mm
- 1 pc 9V Alkaline battery or rechargeable battery
- Weight : 260g
- Usage time: 20hrs continuously
- Can work in Alarm type or Vibration Type.
- Functions: Special attention should be given to the waist, underwear, and ankle areas.
- The other small nail, pin, and so on.
- For the safety guard and find out the metals.
- Indication light: Smart red, yellow, and green-stage LED light bulb indicates the amount of electricity, and a red LED lights.
- LED light display: There are nine LED lights: Yellowish green, orange, red, all for three. From left to right to display the amount of light detected. Object the size of its metal content.

MD-S2 Alarm Type

- Size: 405 x 71 x 35 mm
- 1 pc 9V Alkaline battery or rechargeable battery
- Weight : 257g
- Usage time: 20hrs continuously
- Functions: Special attention should be given to the waist, underwear, and ankle areas.
- The other small nail, pin, and so on.
- For the safety guard and find out the metals.

PERSONAL ALARM

SH-995 2 in 1 Personal Alarm

- Alarm: 120db
- Size: 68 x 32 x 22mm
- 2pcs 1.5V battery #5
- Weight: 54g

SH-995-1 3 in 1 Personal Alarm

- Functions: Alarm / Anti-steal / Anti-rob / Light
- Alarm: 120db
- Size: 70 x 42 x 15mm
- 2pcs 1.5V battery #5
- Safety Pin
- With Door Alarm Accessory
- Weight: 69g

SH-995-2 Multi-Function Personal Alarm

- Functions: Alarm / Anti-steal / Anti-rob / Light / LED Hidden camera detection
- Alarm: 120db
- Size: 70 x 42 x 31.5mm
- 2pcs 1.5V battery #5
- Safety Pin
- With Door Alarm Accessory
- Weight: 69g

PEPPER SPRAY

- Active Ingredient: Oleoresin of Capsaicin(OC) 10%.
- Inert Ingredient: HFC R-134a 90%.
- Content is non-toxic, non-inflammable, environmental safe and in a high pressure aerosol can.
- Heat Unit: 2milliom

SH-912 25ml Key Chain Type

- Content: 25ml
- Continuous spray time: 10 to 15 seconds
- Intermittent spray time: 30 times
- Effective range: 2 to 3 meters
- Dimensions: 25 x 80mm
- Net Weight: 30g
- Package: Blister film packaging with a sliding card

SH-912-1 40ml Key Chain Type

- Content: 40ml
- Continuous spray time: 15 to 25 seconds
- Intermittent spray time: 30 times
- Effective range: 2 to 3 meters
- Dimensions: 25 x 100mm
- Net Weight: 50g
- Package: Box

SH-912-2 20ml

- Content: 20ml
- Continuous spray time: 5 to 10 seconds
- Intermittent spray time: 15 times
- Effective range: 2 to 3 meters
- Dimensions: 22 x 98mm
- Net Weight: 30g
- Package: Blister film packaging with a sliding card

SH-912-3 60ml

- Content: 60ml
- Continuous spray time: 20 to 25 seconds
- Effective range: 2 to 3 meters
- Dimensions: 35 x 129mm
- Net Weight: 110g
- Package: Blister film packaging with a sliding card

SH-912-4 20ml Key Chain Type

- Content: 20ml
- Color: Pink, Golden
- Continuous spray time: 5 to 10 seconds
- Intermittent spray time: 15 times
- Effective range: 2 to 3 meters
- Dimensions: 22 x 98mm
- Net Weight: 30g
- Package: Blister film packaging with a sliding card

SH-912-6 20ml Lipstick Type

- Content: 20ml
- Color: black, pink, silver, blue, red, Purple
- Continuous spray time: 5 to 10 seconds
- Intermittent spray time: 15 times
- Effective range: 2 to 3 meters
- Dimensions: 23 x 98mm
- Net Weight: 30g
- Package: Blister film packaging with a sliding card

SH-912-7 260ml, 370ml, 470ml

- Content: 260ml, 370ml, 470ml
- Effective range: 2 to 3 meters
- Dimensions: 50 x 190mm
- Net Weight: 300~600g
- Package: Box

EXPANDABLE BATON

SH-6007 3-Section Expandable Baton 17", 24"

- Material: steel stick and rubber grip
- Size:
 - 17": w/rubber grip w/only silver grip
 - 24": w/rubber grip w/only silver grip
- Weight: 17"360g
24"470g

SH-6007-1 3-Section Expandable Baton 17", 23"

- Material: steel stick and rubber grip
- Size:
 - 17": w/rubber grip w/ black & silver stick
 - 23": w/rubber grip w/ black & silver stick
- Weight: 17" 360g 23"470g

SH-6007-2 3-Section Expandable Baton 13"

- Material: steel stick and rubber grip
- Size:
 - 13": w/rubber grip w/ black & silver grip
- Weight: 13"280g

SH-6014 Collapsible Baton

- Material: steel stick and rubber grip
- Size: 21"
- Weight: 430 g
- Holster x1

SH-6012 3-Section Expandable Baton

- Material: steel stick and sponge grip
- Size:
 - 16": w/sponge grip w/ black stick
 - 21": w/sponge grip w/ black or silver stick w/nylon holster
 - 26": w/sponge grip w/ black stick or silver stick w/nylon holster
- Weight: 16" 460g (include holster and delicate color package)
21" 510g (include holster and delicate color package)
26" 650g (include holster and delicate color package)
- Option: Break Device(SH-6013-1), LED flashlight(SH-6013)

SH-6013 LED Flashlight for Expandable Baton

- Mini FOCUSING flashlight with super white beam
- Patent design switch to turn on/off light
- Can be combined with pepper spray or metal baton
- Easily to replace batteries
- Life time of LED is up to 10,000 hours
- Battery life time is up to 48 hours of continuing lighting
- Compact and lightweight to carry
- One year warranty under normal using
- MOQ: 100pcs

SH-6013-1 Break Device for expandable baton

- Put the break device at handle part. In case of emergency, you can use the break device break windows or other glass to escape quickly.
- Color: Black, Silver

SH-6011 one-type Baton

- Size: L62cm, Ø1-1/4" Rotary handle: 16cm
- Material: Nylon Lead
- Weight: 440g
- Belt x1

SH-6016 One-type Expandable Baton

- Material: Aircraft Alum.
- Size: L53cm, Ø1", Expand: 21"; shrink: 12"
- Weight: 460g

SH-6017 T-type Expandable Baton

- Material: Aircraft Alum.
- Size: L53cm, Ø1", Expand: 21"; shrink: 12"
- Weight: 560g

SH-6019 T-type Baton

- Size: L62cm, Ø1-1/4";
- Material: Nylon Lead
- Weight: 610g
- Temperature: -25 degrees to +85 degrees Celsius
- Crackdown: 200 kg per cm²

PSD 21" 26" 31" 33"

- Material: steel stick and sponge grip
- Size: 21"/26"/31"/33"
- Stick color : Black(B), Silver(S), Rose Gold(RG), Titanium gray(TG), Mirror Gold(MG)
- Weight: 21" 425g / 26" 500g / 31" 620g / 33" 660g
- PSD Break Device, PSD Wrist Strap,
- Break Device(SH-6013-1), LED flashlight(SH-6013)

SH-501, SH-502, SH-503,SH-512

HANDCUFF & LEGCUFF

SH-904-1 Stainless Steel Handcuff

- Material: Stainless Steel
- Engaging first gear when maximum internal diameter: 50mm
- Engaging the last foot minimum inner diameter: 75mm
- Specification:T2.5 x L230mm
- Weight:276g
- Teeth: 20(have trench)
- Chain:54mm
- Key: two keys

SH-904-1(H) Stainless Steel Handcuff Hardening Heat Treatment

- Material: Stainless Steel (Hardening heat treatment)
- Engaging first gear when maximum internal diameter: 50mm
- Engaging the last foot minimum inner diameter: 75mm
- Specification:T2.5 x L230mm
- Weight:276g
- Teeth: 20(have trench)
- Chain:54mm
- Key: two keys

SH-904-1(L) Stainless Steel Handcuff Large

- Material: Stainless Steel
- Engaging first gear when maximum internal diameter: 54mm
- Engaging the last foot minimum inner diameter: 82mm
- Specification:T2.5 x L230mm
- Weight:298g
- Teeth: 20(have trench)
- Chain:54mm
- Key: two keys

SH-904-1(HL) Stainless Steel Handcuff Hardening Heat Treatment Large

- Material: Stainless Steel (Hardening heat treatment)
- Engaging first gear when maximum internal diameter: 54mm
- Engaging the last foot minimum inner diameter: 82mm
- Specification:T2.5 x L230mm
- Weight:298g
- Teeth: 20(have trench)
- Chain:54mm
- Key: two keys

SH-904-2 Nickel-Plated Handcuff

- Material: Iron
- Plating: Nickel-plated
- engaging first gear when maximum internal diameter: 50mm
- engaging the last foot minimum inner diameter: 75mm
- Specification:T2.5 * L230mm
- Weight:285g
- Teeth: 20 (have trench)
- Chain:54mm
- Key: two keys

SH-904-2(L) Nickel-Plated Handcuff Large

- Material: Iron
- Plating: Nickel-plated
- engaging first gear when maximum internal diameter: 54mm
- engaging the last foot minimum inner diameter: 82mm
- Specification:T2.5 * L230mm
- Weight:298g
- Teeth: 20 (have trench)
- Chain:54mm
- Key: two keys

SH-904-3 Nickel-Plated Handcuff

- Material: Iron
- Plating: Nickel-plated
- Engaging first gear when maximum internal diameter: 50mm
- Engaging the last foot minimum inner diameter: 75mm
- Specification: T2.5 X L230mm
- Weight: 288g
- Teeth: 20 (no trench)
- Chain: 54mm
- Key: two keys

SH-904-3(L) Nickel-Plated Handcuff Large

- Material: Iron
- Plating: Nickel-plated
- Engaging first gear when maximum internal diameter: 54mm
- Engaging the last foot minimum inner diameter: 82mm
- Specification: T2.5 X L230mm
- Weight: 298g
- Teeth: 20 (no trench)
- Chain: 54mm
- Key: two keys

SH-904-4 Toy Handcuff

- Material: Iron
- Plating: Electro galvanize
- Engaging first gear when maximum internal diameter: 50mm
- Engaging the last foot minimum inner diameter: 75mm
- Specification: T1.8 X L270mm
- Weight: 220g
- Teeth: 9 (no trench)
- Chain: 57mm
- Key: two keys

SH-905 Toy Handcuff

- Material: Iron
- Plating: Electro galvanize
- Engaging first gear when maximum internal diameter: 54mm
- Engaging the last foot minimum inner diameter: 82mm
- Specification: T2.5
- Weight: 106.5g
- Teeth: 20 (no trench)
- Key: two keys

SH-DH Stainless Steel Handcuff

- Material: Stainless Steel
- engaging first gear when maximum internal diameter: 60mm
- engaging the last foot minimum inner diameter: 80mm
- Specification: T1.0 x L210mm
- Weight: 338g
- Teeth: 21 (have trench)
- Key: two keys

SH-TH Triple Chain Handcuff

- Material: Iron
- Plating: Nickel-plated
- engaging first gear when maximum internal diameter: 60mm
- engaging the last foot minimum inner diameter: 80mm
- Specification: T205*L192mm
- Weight: 330g
- Teeth: 19 (have trench)
- Key: two keys

SH-H Thumb Cuffs

- Material: Iron
- Plating: Nickel-plated
- engaging first gear when maximum internal diameter: 13mm
- engaging the last foot minimum inner diameter: 24mm
- Specification: T1.8xL103mm
- Weight: 113g
- Key: two keys

SH-905-1(B) 440g Legcuff

- Material: Iron
- Plating: Nickel-plated
- engaging first gear when maximum internal diameter: 70mm
- engaging the last foot minimum inner diameter: 90mm
- Specification: T2.2xL680mm (have trench)
- Weight: 440g
- Key: two keys

SH-905-4 610g Legcuff

- Material: Iron
- Plating: Nickel-plated
- engaging first gear when maximum internal diameter: 70mm
- engaging the last foot minimum inner diameter: 90mm
- Specification: T2.5xL720mm
- Weight: 610g
- Key: two keys (no trench)

SH-905-5 1kg Legcuff

- Material: Iron
- Plating: Nickel-plated
- engaging first gear when maximum internal diameter: 70mm
- engaging the last foot minimum inner diameter: 90mm
- Specification: L560mm
- Weight: 1000g
- Key: two keys (no trench)

TRAFFIC BATON

SH-908-A Normal Flash Mode

- Outer Tube Material: Impact-proof PC.
- Inside Tube Material: Impact-proof PVC in red color.
- Thickness: 5mm±0.1mm
- Length: 55cm
- Weight: 258g (not include battery)
- LED Color: Red
- Power source:
2pcs UM-1 alkaline batteries

SH-908-B Multi-function Mode

- Outer Tube Material: Impact-proof PC.
- Inside Tube Material: Impact-proof PVC in red color.
- Siren: 120db
- Flashlight
- Thickness: 5mm±0.1mm
- Length: 56.6cm
- Weight: 283g (not include battery)
- LED Color: Red
- Power source:
2pcs UM-1 alkaline batteries

SH-909 Reflective Baton

- Outer Tube Material: Impact-proof PC.
- Inside Tube Material: Impact-proof PVC in transparent color or red color.
- Non-slip ABS hand grip, grip length: 8.5 cm(for 38cm type), 14.5cm(for 43cm type).
- Thickness: 5mm±0.1mm
- Length of traffic baton: 38cm, 43cm or 55cm±5% (include hand grip)
- Color: Red and Blue (option: green)
- Seven section: Red, Red flash fast, Blue, Blue flash fast, Red and blue flash by turn, Red and blue flash fast by turn, Flashlight, OFF.
- Flashlight: 1W high bright Clear LED, effective range reaches 20m.
- Double color reflective LED 5,000mcd
- High decibel of whistle: 110dB.
- Fluorescent tube with spiral pattern increases the flashing illumination.
- Powerful magnetism of magnet N-35, it could be placed tight on the metal product.
- Power source: 3pcs 1.5V 3AAA batteries.

ANTI-RIOT ELECTRIC SHIELD

SH-902 Rectangular Type

- High voltage electric shock: 150 KV
- Siren: 120 db high pitch tone
- Power consumption: 4.8V
- Power emitting period: 30-40 minutes
- Current emit: low current 1.7 M.A
- Material: Impact resistant polycarbonate (Transparent).
- Size: W58cm x H90cm
- Thickness: 4 mm
- Electric shock panel: two 45 cm long electric shock panel with four electric shock head.

SH-902-2 Round Type

- High voltage electric shock: 150 KV
- Siren: 120 db high pitch tone
- Power consumption: 4.8V
- Power emitting period: 30-40 minutes
- Current emit: low current 1.7 M.A
- Material: Impact resistant polycarbonate (Transparent).
- Thickness: 4 mm
- Electric shock panel: two 45 cm long electric shock panel with four electric shock head.

NET GUN

NET GUN

- Material: Aluminum alloy
- Weight for Aluminum alloy ball: Approx. 13g/pc
- Quantity for aluminum alloy ball: 8pcs
- Effective catching distance: Up to 10 m
- Optimum distance: 5-8 m
- Net area (unrolled): Around 9M²
- Mesh size: Around 15cm²
- Power plant: 12 grams CO2 gas bottle (disposable)
- Net projection velocity: 10m/sec.
- Net Weight: 1.1Kgs
- Dimension: ϕ 72 x ϕ 48 x 250mm

MULTI-FUNCTIONAL AIRSOFT BATON

SH-T3 Multi-functional Airsoft Baton(Tonfa)

- Material: Aluminum alloy, fiber glass, reinforced artificial resin
- Length of shaft: 60cm
- Handle height: 18cm
- Shaft diameter: 32mm
- Ball caliber: 17mm(0.68inch)
- Magazine capacity: 7 rounds
- Shooting mode: One shot, Semi-Auto
- Power: 12g CO2 (able to give 14 shots)
- Muzzle velocity: 355FPS(110m /sec)
- Effective range: 25m
- Weight: 1.1kgs
